SLIM BAKERY DISPLAY

18MCNSR720V

LED lights
illumination

High quality
compressor

Open-door
design

FEATURES

- Patented electronic expansion valve fan cooling system, 35% energy saving.
- Four-side ITO heating glass, preventing condensation in high humidity surroundings. (Double insulated, 3-layer glass)
- Modern design, no lip on front and sides, better looks and available for using side by side.
- Precise digital controller, with big LCD display and cabinet temperature display.
- With LED illumination on each shelf and the top.
- Automatic defrost.
- Independent compressor deck and track type electrical board, easy for maintenance.
- Swing Door
